WHAT WE DO

Religious Freedom Digital Media Strategy

ARTICLE 18

Everyone has the right to freedom of thought, conscience and religion; this right includes freedom to change his religion or belief, and freedom, either alone or in community with others and in public or private, to manifest his religion or belief in teaching, practice, worship and observance.

NEED

80% of the world's population lives with high restrictions on freedom of religion and belief. Although the countries of the world unanimously voted for religious liberty (the **UN Declaration of Human Rights**, Article 18) most do not honor it. Religious freedom is declining rapidly everywhere.

SOLUTION

Using the power of story telling, **LIVE WHAT YOU BELIEVE** is an interactive online training to support religious freedom worldwide.

Together with our partners, we offer a media-based online training, showing how freedom of religion is good for peaceful, inclusive and thriving societies.
